Attached are EPA/IDEQ comments on MFG's latest revision to Wallace Yard EE/CA groundwater flux:

EPA and IDEQ Comments on GW Influx 11-24-2006.doc

If there are any questions on this, please contact me via below. If we need to set up a technical call to discuss, I'd be willing to that.

Besides resolving any last changes re: the attached, I would like to set up a 1-hour conference call in December to talk about submittal of a revised EE/CA in total based on verbal agreements (e.g., eliminating the industrial/manufacturing land use scenario) and comments/responses submitted in the past. Please let me know your availability for the following dates and times:

- Thursday, December 7, any ime
- Friday, December 8, anytime
- Monday, December 11, afternoon
- Tuesday, December 12, anytime
- Wednesday, December 13, afternoon
- Thursday, December 14, anytime
- Monday, December 18, afternoon
- Tuesday, December 19, anytime
- Wednesday, December 20, anytime
- Thursday, December 21, anytime

Thank you.
